MOTOR PUMPER IS ACCEPTED BY CITY

Meets Test of Insurance Underwriters Representatives Who Says Rates Will be Readjusted

COUNCIL IN REGULAR SESSION

Councilmen and Mayor Make Tour of Inspection This Afternoon And Visit Hodge's Branch

The Seagrave motor fire pumper, contracted for last December and delivered here last week, was accepted by the city council Tuesday night, when they met in regular session, and the first payment of \$2,000 was made, and the balance of the \$11,000 will be paid within 4 1/2 years, as provided by the contract.

The machine was tested Tuesday afternoon and the chief inspector for the insurance underwriters stated that it met every test without missing a stroke, working continuously for four hours. He stated that the insurance rates would be re-adjusted on account of the added equipment, which will result in a lower rate in some localities, especially the business district.

Mayor Thomas and the councilmen wished to call attention to the fact that people using the streets must be on the lookout for the new machine, as an ordinance compels the people to give approaching fire apparatus the right of way. Serious accidents might result if the entire street is not vacated when the truck approaches, and the ordinance on record places a fine and penalty against anyone who does not stop near the curb, while the fire trucks pass.

The fire committee also was given power to sell one of the horses and also to dispose of an old hose wagon which has been held in reserve. The fire company has retained three horses for several years, and will sell only one horse now, until plans are made for the entire abolishment of horses.

The city councilmen and Mayor Thomas were scheduled to take a trip this afternoon over the city, when several matters will be taken up. Foremost among these are plans made for the improvement of Hodge's Branch. A. L. Stewart, city engineer, has drawn plans by which the branch can be enclosed in a five foot sewer from the north end of the corporation to the place where it now crosses Spencer street.

At this place, it is planned to change the course of the branch, running an open ditch along Spencer to Second street, and west to where it now flows. The councilmen will go over the territory and may reach a decision in the matter at their next meeting.

While on the trip they will drive stakes where the new school signs will be placed. The signs warn motorists to drive slow while in the vicinity of the six school buildings in the city. They also will look over the street near the Reynolds Manufacturing Company in West Ninth, which has been in poor condition for several months, and an effort will be made to have a proper drainage and repair made of the street.

Will Havens, former street commissioner, who has been serving as a special patrolman, was appointed regularly last night, and will continue on Page Six

FILES SUIT FOR POSSESSION

J. T. Arbuckle Also Asks Damages Of Harry Dawson

James T. Arbuckle has filed suit in Justice Steel's court against Harry Dawson, the complaint being for possession of property and for damages. The complaint demands possession of a rental house, 131 South Harrison street, and for \$27 damages for non-payment of three months rent. The suit has been set for trial on Monday at 9 o'clock.

The suit for possession of Whitinger against Crosby, scheduled for this afternoon, was continued until Saturday afternoon at 2 o'clock. This suit involves a rental property in Milroy.

FROST FAILS TO APPEAR

Similar Prediction Made by the Weather Man For Tonight

No frost was reported Tuesday night, although the weather man had predicted a light frost, together with cooler weather, and the same prediction is made for tonight. The temperature did not drop low enough last night to make a frost possible and during the early portion of the evening the sky was partly cloudy.

The weather indications for tonight and Thursday are for generally fair weather, preceded by unsettled in north portion, colder tonight in east portion with a probable frost. The lowest temperature recorded in this vicinity during the night was 40 degrees.

EDWARDS DENIES HE WAS IN TROUBLE HERE

Justice of Peace Records Show, However, That Arlington Veterinarian Was Fined Oct. 20.

TO BE ARRAIGNED THURSDAY

Orville T. Edwards, Arlington veterinarian, who is held in jail in Shelbyville on a charge of petit larceny, in connection with an affidavit filed by Dick Walters, garage owner of Morristown, will be arraigned in police court there Thursday morning to enter a plea.

Edwards is charged with obtaining a storage battery from the Morristown man. He denies to the Shelbyville officers that he was in trouble here, and tells them that his brother had some trouble over a check.

The record in Justice Steel's court here reveals that O. T. Edwards was arraigned on October 20, 1921, on a charge of issuing a check amounting to \$19.75 to Dr. D. D. Dragoo, a Rushville veterinarian, for some serum, and which was returned without funds in the bank. The check was given on the Arlington bank, and newspaper files for that date stated that the defendant was a veterinarian of Arlington, which according to the statement made at Shelbyville, would reveal that there were two persons by that name engaged in the same business in Arlington, which is not believed here.

The defendant pleaded guilty to the charge here on that date, and after making good the bad check, paying the costs, his fine of \$100 and final sentence was withheld during his good behavior the record shows.

OVER \$333,000 YET ON TAX DUPLICATES

Only 11 Days Remain of Period For Paying Spring Installment—Collections \$216,646.34

PAYMENTS MAY BE BY MAIL

With eleven days of the spring taxpaying period remaining, there is more than \$333,000 in taxes yet to be collected on the spring installment, if all of the taxes on the duplicate are paid, Charles A. Frazee, county treasurer, estimated today.

Total collections up to the close of business Tuesday night amounted to \$216,646.34. Mr. Frazee's books show, and he estimates that close to \$550,000 is due on the spring installment.

The usual practice of taxpayers paying by mail is being followed this year. Mr. Frazee urges that persons sending a check for the amount of their taxes, also enclose a self-addressed envelope for returning the receipt. It is likewise requested that taxpayers sending checks designate the township in which their property is located as in many cases the treasurer is unable to locate the real estate or personal property on which the taxes are paid.

Mr. Frazee today made the usual request that as many Rushville people as possible refrain from calling at the office on Saturday and reserve that day for persons living outside the city.

EDITOR SPEAKS TO LOCAL KIWANIS

George A. Elliott Urges Strict Observance of Law by Better Class of Citizens

AN EXAMPLE TO OTHERS

Judge Fred Gause, E. G. Scotten, Harry Jennings and Ralph Test, Also of Newcastle, Guests

George Elliott, Newcastle publisher and editor, was the principal speaker today at the noon luncheon of the Kiwanis club, held at the St. Paul M. E. church, at which time he emphasized two important factors that should be given consideration and sponsored by such clubs in every city.

He stated that a better regard for law enforcement should be brought out, and pointed out that if the better class of citizens violate some minor law, that the other element of people might have a tendency to violate more serious laws, because of the examples set before them by the better class of law respecters.

Another factor to be given encouragement was that the better class of people should take more interest in politics, and that each party should place only the most capable of candidates in the field, and do away with the party leaders who attempt to run things their own way.

Other guests were Judge Fred Gause, E. G. Scotten, Harry Jennings and Ralph Test, all of Newcastle, and Mr. Madden of Indianapolis. Mr. Test is a member of the Kiwanis club at Newcastle. Judge Gause also spoke briefly and commented upon upon the friendly spirit which exists between the Rose City and Rushville, in every line of vocation.

The Rev. C. S. Black and Dr. F. R. McClanahan of this city also were guests of the club today at the luncheon.

The meeting next Wednesday will be held at night at 6:30 at the Pythian building, and it will be ladies' night from beginning to end, with the program in charge of the ladies.

Each member today answered roll call for his "buddy," which is a new plan that is being worked out. Each member was assigned one other club member, and when the roll call was made, it was necessary for him to answer for his "buddy," whether present or not. If the "buddy" was absent, a good excuse had to be offered.

FOUR BROTHERS IN THE WAR

John C. Humes Last of Quartet Who Served During Rebellion

John C. Humes, who died Monday night at his home near New Salem and whose funeral was held this afternoon, was the oldest of four brothers, all of whom served during the civil war, L. B. Downey a veteran, who takes an active interest in civil war records, stated today.

John C., the last of the four to die, served three years in the Sixty-Eighth Indiana, Company I, and Worthington also served in the same company. Wellington was with the Hundred and Twenty-third Indiana, Company E, during the war. Benjamin served with an Illinois regiment. Wellington and Worthington were twins.

The funeral was held at the late residence this afternoon, with burial in East Hill cemetery. Members of Phoenix lodge of Masons attended the burial service.

SELL AND BUY PROPERTY

Mr. and Mrs. Lemuel Warren have sold their house and lot in West Seventh street to Miss Emma Martin for \$2,000 and have bought the property in North Morgan street which formerly belonged to Howard E. Barrett, for \$4,500.

SENIORS TO GIVE PLAY

The Milroy high school play "Mary's Millions," will be given at the high school auditorium Friday and Saturday evenings of this week. It is to be given by the senior class of the school.

INSIST ON MEANS FOR REVENUE FIRST

President Harding Wants Senate to Provide Way Before Passing Soldiers Bonus Bill

WATSON AT THE WHITE HOUSE

Majority of Senators Favoring Bonus Are For Having British Bonds Take Care Of It

(By United Press)
Washington, April 19.—President Harding is insistent upon having congress provide a means of raising revenue for financing the bonus bill. This became known today following a visit of Senator Watson of Indiana to the White House.

At the same time it also became known that a move is under way to tack a rider to the tariff bill providing such means.

President Harding is inclined to look favorably on the move to include means of raising bonus revenue in the tariff bill, Watson said. Action must be taken within three weeks, otherwise the democrats, who are said to have sufficient backing to accomplish their purpose, will move for the discharge of the bonus committee.

Watson expressed the personal opinion that a cash bonus would go back to the measure as passed by the senate. The majority of the "bonusers" in the senate, he said, were for having the forthcoming British bonds take care of such a bonus.

But Harding is anxious about that subject. He will not rely on these bonds in advance of receipts, and he is not inclined to let the treasury issue notes in anticipation thereof. There is no intention to devote tariff funds to bonus payment.

MRS. JOHN MOCK DIES TODAY

Expires at Home of Her Daughter, South of New Salem

Mrs. John Mock, age 62 years, expired this morning about eleven o'clock at the home of her daughter, Mrs. Herbert Holden, a mile south of New Salem, death being caused from an illness of several months, believed to have been an internal cancer. The deceased is survived by the husband, a son and four daughters.

The funeral arrangements were not completed today, but services will probably be held Friday, and the hour will be announced later.

CONCERT IS WELL RECEIVED

Homer Cole Orchestra to Give Another One in Near Future

The concert given by Homer Cole's orchestra at the Main Street Christian church Tuesday evening was attended by a large crowd. The program which was varied from selections by the orchestra to instrumental solos and vocal solos, was well received by the audience and each selection rendered called for an encore.

The concert was such a success last evening that it is planned to hold several other programs in the near future.

BLACKMAILERS ARRESTED

Indianapolis, Ind., April 19.—With the indictment and arrest of William Fix and Corbett R. Graves of Ambia on charges of violating the postal laws, Federal officials believed today they had two of the boldest blackmailers on record.

Five separate warnings were served by mail upon Robert M. Fix, a distant relative of William, between October 10 and November 2, 1921, saying that if he did not come across with \$1500, his barn would be burned. On November 5, the barn was burned.

Alonzo Stevens, one of the three defendants, is now serving a sentence for arson imposed by the state court in connection with the case.

DEFENSE HAS ITS INNING

Hartwell-Miller Damage Suit Continues in Circuit Court

The damage suit of Roy Hartwell against Rue Miller, which began in the circuit court Tuesday morning was still in progress today, and the defense started on their portion of the evidence this morning. It was expected that the evidence would be completed by tonight, and ready for the jury. The plaintiff was formerly a tenant for the defendant and was dismissed before the contracted term expired, and because of the difficulties arising between the two, the plaintiff says he was damaged to the extent of \$350.

The case may be completed and given to the jury late today or early in the morning.

FARMERS, SOLDIERS TO GET JUSTICE, HE SAYS

Democrats Will Care For Both if Returned to Power, E. C. Eikman Says in Speech Here.

CANDIDATE FOR CONGRESS

Edward C. Eikman of New Palestine, one of three candidates for the democratic nomination for congress in the sixth district, declared himself in favor of the congressional farm block in an address at the court house assembly room Tuesday night. He also praised the Wilson administration and asserted that if the democrats retained control of the government, the soldiers as well as the farmers would get justice.

The candidate said as a member of the Federation of Farmers' Associations he had a right to ask the aid of the government in breaking the control of the bulls and bears of Wall street, "so that we will be able to control our own affairs and demand a profit on our produce."

Mr. Eikman declared for local self government and against bureaus and commissions, which, he said, reaped a lot of tax eaters, both in federal and state government. He also attacked the system of state and federal aid, for the local unit eventually pays the "aid" and at the same time supports a host of attacks of political organizations.

When he was a state snator he said there was no deficit, and the state was out of debt. "But conditions have changed," he said, "with the centralization of state government, and if extravagant expenditures continue within the next five years the state will be bankrupt."

UNION ORGANIZERS HALTED BY ORDER

Judge J. A. Berkey Grants Temporary Injunction at Somerset, Pa., to Apply in Coal Fields

SHOTS FIRED IN UNION WAR

(By United Press)
Somerset, Pa., April 19.—A temporary injunction today halted organizers from unionizing the non-union coal fields in central Pennsylvania.

The injunction was issued by Presiding Judge J. A. Berkey. It was granted on request of four of the largest coal concerns in Somerset county.

Wilkes-Barre, Pa., April 19.—Fighting between union and non-union miners broke out here this afternoon.

The non-union miners attempted to work in a washery of the East Boston Coal Company. Several shots were fired without anyone being wounded, according to reports reaching here.

Sheriff John Muskie and a dozen deputies left for the scene.

INSTALLS RADIO SET

Ira Somerville has installed a complete modern radio receiving station in his home in Milroy and is hearing concerts each evening. The radio is giving complete satisfaction.

MERCURY DROPS AS CYCLONE STRIKES

Snow Falls For Fifteen Minutes at Warsaw This Afternoon When Temperature Falls Rapidly

ONLY SLIGHT DAMAGE IS DONE

Child Killed at Clinton, Iowa, When Center of School Building Collapses Due to High Wind

(By United Press)
Warsaw, Ind., April 19.—Snow fell for fifteen minutes and the temperature dropped 18 degrees when a cyclone struck Warsaw this afternoon. The wind uprooted trees and did other slight damage. The wind came from the northeast.

Clinton, Iowa, April 19.—One child was killed here today when the central portion of the Irving Public school collapsed after the wind had blown a sixty foot chimney onto the roof of the building.

Three hundred children in the eight rooms on the two floors left the rooms quietly and rapidly through windows and down the fire escapes. The chimney crashed from the roof to the basement taking the entire central hall way and leaving the rooms intact.

The children had just left the hall way for the rooms. Maxine Fife was caught in the hall way and her body was crushed under the debris. All others escaped with the exception of one boy who was slightly injured.

Levy at Vincennes Gives Way

Vincennes, Ind., April 19.—The Russellville-Illinois levy gave way before the flooded Wabash river here today, flooding thousands of acres of land back of it.

Residents of the bottom land had been expecting it to break for some time and had prepared to flee. When the water rushed back into the territory behind the dyke the river dropped one tenth of an inch and also at points in this immediate vicinity.

Wabash Reaches Its Crest

Terre Haute, Ind., April 19.—The flooded Wabash river reached its crest at 24.4 feet here today and fell a small fraction of an inch during the afternoon, the weather bureau announced. With the river falling slowly at Lafayette to the north, the bureau predicted that the stage would remain near 24 feet for several days.

Three Men Are Drowned

Terre Haute, Ind., April 19.—Three men were drowned in a gravel pit near West Terre Haute in the flooded Wabash river valley this afternoon, according to reports to local police. According to the reports the men were in a boat in the pit when it overturned. They were drowned in the water before help could reach them.

Western Indiana Recovering

Attica, Ind., April 19.—Western Indiana was recovering today from the toll of two cyclones which swept over this part of the state Monday night, killing seventeen and injuring scores. While the victims at Hedrick, Williamsport, Sloan and Brook were being buried and a death watch was kept over the injured, hundreds of families made homeless were trying to restore their homes and business buildings laid flat were being reconstructed.

Flood Waters Rising

Indianapolis, Ind., April 19.—Flood waters continued to rush into the lower channels of Wabash and White rivers today as the stages fell upstream.

Wabash reached a crest of 24.4 feet at Terre Haute at midnight and was stationary at that stage today. It was still rising at Mt. Carmel, Ill.

White river was falling at Noblesville but continued a slow rise at Indianapolis, where the stage was 17.1 feet, a rise of half a foot since yesterday.

The east fork was falling at Columbus and Seymour, but was rising at Shoals, where a stage of 28 was recorded.

FIFTY YEARS AGO

A young man who practiced medicine in Pennsylvania became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce, who finally made up his mind to place some of his medicines before the public, and moving to Buffalo, N. Y., put up what he called his "Favorite Prescription," and placed it with the druggists in every state.

Dr. Pierce's Favorite Prescription has long been recognized as a tonic for diseases peculiar to womankind. After suffering pain, feeling nervous, dizzy, weak and dragged-down by weaknesses of her sex—a woman is quickly restored to health by its use. Thousands of women testify that Dr. Pierce's Favorite Prescription has entirely eradicated their distressing ailments.

More recently that wonderful discovery of Dr. Pierce's, called An-uric (for kidneys and backache), has been successfully used by many thousands who write Dr. Pierce of the benefits received—that their backache, rheumatism, and other symptoms of uric acid deposits in joints or muscles have been completely conquered by its use.

Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. of any of his remedies, or write for free medical advice.

SHIPS SILVER FOX HIDES

W. S. Oneal Purchases Two Beautiful Specimens Worth \$750

Oneal Brothers have just shipped 8,500 skunk hides and two silver fox hides which were purchased during the spring season by W. S. Oneal, to Detroit to the firm which the local concern represents. The hides will be shipped to London to be put on the market there.

The silver fox hides are the most beautiful specimens ever seen here and are said to be worth easily \$750. Mr. Oneal believes that they

will bring at least \$1,000 on the London market.

Many of the skunk hides were bought in this vicinity. Mr. Oneal investing \$92,000 in them in this state alone.

You want more BATTERY and less SERVICE

Battery service is a bug-bear. What is useful to you is continuous, uninterrupted performance. You want to have a battery installed in your car and drive away, happy in the knowledge that it will be a ready reservoir of energy whenever you need it.

The Ray Battery gives guaranteed performance because of its famous Lavier Formula plates—the greatest advance in battery construction since the discovery of the wet cell. They are hard, to withstand the strain of service—highly porous to react quickly and surely to the electrolyte.

Install a Ray and forget the service man.

The Blazed Trail

WORKERS in the woods frequently find the trail blazed by the axes of those who have gone before. Guided by these marks, they easily find their way.

Advertisements perform a similar duty for you in the important business of spending your money.

They point the way to values of which you would never know if they were not there to guide you.

Do you read them? Wise shoppers do. They are the economical buyers—the ones who keep themselves strictly up-to-date on the best opportunities for saving money, or spending it judiciously, which is one and the same thing.

Read the advertisements in this paper. Read them to know what's what in the shopping district. Read them because they place before your eyes a moving panorama of business progress. Read them to save money—to save steps—to save disappointments. Read them because they blaze your trail to satisfaction in your every-day buying.

Read them regularly. Follow their guidance. It pays.

Rheumatism at 60

S. S. S. Thoroughly Rids the Body of Rheumatism Impurities.

Somebody's mother is suffering tonight! The scourge of rheumatism has wrecked her body; limping and suffering, bent forward, she sees but the common ground, but her aged heart still belongs to the stars! Does anybody care? S. S. S. is one of the greatest blood-purifiers known, and it helps build more blood cells. Its medicinal ingredients are purely vegetable. It never disarranges the stomach. It is, in fact, a splendid tonic, a blood maker, a blood enricher. It banishes rheumatism from joints, muscles and the entire body. It builds firm flesh. It is what somebody's mother needs tonight! Mother, if you can not go out to get a bottle of S. S. S. yourself, surely somebody in your family will. Somebody get a bottle of S. S. S. now! Let somebody's mother begin to feel joyful again tonight. Maybe, maybe it's your mother! S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

How glorious you will feel, mother, when your rheumatism is all gone. Let S. S. S. do it. It will build you up, too!

At graduation time your friends expect your

AMUSEMENTS

Shirley Mason at the Mystic

Shirley Mason has a habit of winning her audience in every picture in which she appears. She runs true to form, as the turfmen say, in the photoplay "The Ragged Heiress," at the Mystic Theatre today. She has presented no more appealing figure to her public, nor one in which gentleness and sweetness of personality have been more marked.

The story is of a motherless girl of 3 years, consigned by a convict father to grasping and unscrupulous relatives, from whom she is kidnapped by a loving but very poor old nurse. Reared in poverty and in ignorance of her relatives and true parentage, she is cast by death upon her own resources, and ultimately finds herself the ill-paid maid of all work to the relatives who originally were her guardians; but there is no recognition of course on either side; and the unscrupulous relatives continue to use, as they have done for many years, her private fortune for their own benefit.

At this point the romance of the girl's life begins. There is much of neat humor to relieve the pathetic element in the story, and from start

Readin' and Writin'

Mrs. Cora Wilson Stewart, of Frankfort, Ky., chairman of the Illiteracy Commission of the National Educational Association, predicts that every person in the United States will be able to read and write by 1930. The teachers of the land will persevere steadfastly in the combat against ignorance until the United States is at par in literacy, with a perfect record.

Education is the most practical measure for eradicating narrow prejudices and opinionated littleness and inculcating in the mind a sense of fairness for the convictions of others. That there are learned men who have and hold arbitrary ideas, and do not or will not practice intellectual liberalism, is not the consequence of education, but of personal vanity.

Knowledge is so vast that nobody can acquire much of it, and those who have stores of it appreciate how small their treasure is in comparison with all. And one of the most valuable benefits of thorough education and the habit of thinking is the humility of mind that wisdom cultivates.

With schools in all rural districts and city neighborhoods, and colleges in all the state, and a few hundred universities; with several thousand daily newspapers and many thousands of weekly publications; with legends on the motion picture films, viewed by millions of persons every day, and decorative lettering on billboard displays along country highways and in city lots, there should be no illiteracy in the United States. Curiosity should be a strong incentive to the quest of learning. The illiterates should be stimulated to learn to read so that they might

The "Mother of Medicine"

Isis, the Queen and afterwards the Goddess, was called the "Mother of Medicine." In ancient Egypt, centuries before Christ, women were skilled in medicine. They knew the great value of medicinal plants.

Hippocrates, the "Father of Medicine," many centuries later, knew less of the merit of vegetable drugs than did the women of ancient times.

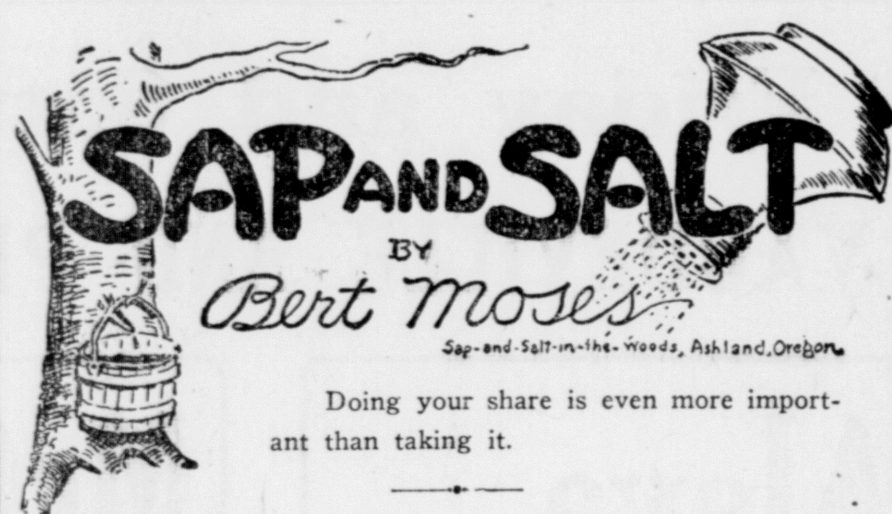

Lydia E. Pinkham, nearly fifty years ago, gave to women her Vegetable Compound, now known everywhere as Lydia E. Pinkham's Vegetable Compound. This is a woman's medicine for woman's ailments, prepared from medicinal plants.

TAIL LIGHTS OPEN THE SEASON SUNDAY

Will Play Greensburg Who Were
Blanked By Hope in Exhibition
Game Last Sunday, 5 to 0

LEAGUE SCHEDULE IS REVISED

The Tail Lights open the league season Sunday at Greensburg, when they meet the Eagles ball team of that city, and indications are that the game will be a good one, and a real test of the strength of the two teams will be made at that time.

Hope and Greensburg played an exhibition game last Sunday at Greensburg, and Hope blanked them 5 to 0. Greensburg has ironed out their weak spots, and it has been announced that Stoneking will be on the mound for them. Neideffer, who was with Rushville last year, started the game last Sunday for Greensburg, but was relieved in the fourth inning, after Hope had secured four runs.

The five games for the opener in the league Sunday will be played as follows: Greenwood at Shelbyville; Hope at Columbus; North Vernon at Madison; Batesville at Brookville; Rushville at Greensburg.

Several changes have been made in a revised schedule for the league, in which Rushville will fare better with stronger teams. The second game will be with Greensburg here on April 30; the third game on May 7 will be here with Greenwood and on May 14 Rushville goes to Shelbyville.

Sport Summary

Paris—On reconsideration the French Olympic committee has turned down Pershing stadium for the 1924 Olympic games and will build a new stadium near the Colombes race track.

Chicago—A. A. Stagg, athletic director of the University of Chicago today sent out invitations to 5,000 prep. and high schools to compete in the national track and field meet here May 27.

New York—Outdoor boxing this summer will be confined to holidays and Saturday afternoons through a ruling of the boxing commission that bouts cannot be contested at night. The main bout must go on not later than five o'clock.

New York—Lew Tender, Philadelphia lightweight and his manager, Phil Glassman, have been suspended indefinitely by the boxing commission because Glassman abused the referee who caused Tender to lose a recent bout on a foul.

Paris—The baseball season opens here May 20. Four teams will play in the league—the American Legion, the veterans of foreign wars, the Ranelagh club and the Independents. The game will be played in the Bois De Boulogne.

New York—One hundred and twenty-three persons are eligible for the \$50,000 Breakness stake to be run at Pimlico on May 13.

New York—Babe Ruth and Bob Meusel, suspended Yanks, have been invited by Charles Stoneham, president of the Giants, to work out every day with the Giants. Ruth is with the Yanks in Washington and Meusel is in New York.

Columbus, Ohio—Phil O'Dowd, Columbus light weight and Solly Epstein, Indianapolis meet in twelve rounds here next Monday.

Boston—New York Yanks bought outfielders Whitey Witt from the Philadelphia Athletics asked waivers on Witt recently and then withdrew them.

Philadelphia—Walter Larsen, Salt Lake City, star of the University of Penna pitching staff, has received an offer from the Boston Red Sox, he said he would be willing to accept after the school terms.

The Score Board

Yesterday's hero—Everett Scott hit two doubles, a single and a sacrifice, helping the Yanks to beat his old team mates, the Red Sox, 10 to 8.

Mack's terrible Athletics knocked Walter Johnson out of the box, got 18 hits for 24 bases and beat Washington 17 to 2.

Three Brown pitchers went wild and the Cleveland Indians had no trouble winning 7 to 2. The tribe got nine doubles, including pairs by Speaker and McInnis.

The Reds knock Carlson out of the box and were rough with Hamilton, but the Pirates won, 8 to 4, making a sweep of the series.

The Senior class, faculty and school officials of the Arlington high school were royally entertained by the junior class and their sponsor, Miss Marion Tittsworth, on Saturday evening. The guests were received in the upper hall which was transformed into a reception room. After all had assembled they were escorted into the senior assembly where an elaborate five course dinner was served at small candle lighted tables beautifully decorated in the senior colors, purple and gold. Palms, floor lamps, cut flowers and canaries produced a striking effect.

Marion Rigsbee, president of the Junior class, presided as toastmaster and gave the address of welcome which was responded to by William Marshall, a Senior. The following toasts were given: "Friendship," Miss Archer; "Memories," Mildred Casterline; "Tau Sigma, Lee Mitchell; "To the Girls of the class," Donald Birt; "To the Boys of the class," Nelda Arnold. As a closing number a playlet, "The Mock Commencement," was presented by the Junior class.

Music was furnished during the evening by the Misses Gladys Tittsworth and Rowena Kennedy of this city.

Mr. and Mrs. T. R. Lee entertained with a beautiful luncheon Tuesday evening at their home near Arlington, honoring the Senior class of the Arlington high school and the members of the faculty. The luncheon tables were very attractively adorned with the class colors of purple and gold, and the Easter decorations predominated. A large nest of purple crepe paper, filled with Easter chickens and candy eggs formed the centerpiece for the tables and pretty place cards marked the covers, for the following guests:

The Misses Marie Alsmann, Nelda Arnold, Florence Schaeffer, Mildred Casterline and Mable Lee, and Lowell Offutt, Denning Nelson, Lee Mitchell, Will Marshall, Donald Birt, Dwight Beckner, all members of the senior class, and Prof. A. R. Protsman, Mildred Archer, Marian Tittsworth, Marguerite Plummer, Augusta Welker, members of the faculty, W. E. Wagoner, county school superintendent, and wife, Miss Edna Krammes, Harlan Lee and Arnold Alsmann.

Preceding the luncheon the guests enjoyed an informal social hour, during which contests and games were enjoyed and music was furnished by Miss Welker, the music

teacher of the school. Mr. Lee is the trustee of Posey township.

Lurline Council, No. 296, Degree of Pocahontas, will hold its regular stated meeting Thursday evening in the Red Men's hall at eight o'clock.

The men and women's Bible class of the First Baptist church was entertained Tuesday evening by the Rev. and Mrs. Reno Tacoma at their home and a good attendance of the members was present. After a short business session, a social hour was enjoyed and dainty refreshments were served by the host and hostess.

The April meeting of the D. A. R. will be held Thursday afternoon at the home of Mrs. Charles Hugo, corner of Morgan and Tenth streets. The assisting hostesses will be Miss Emma Blackledge, Mrs. Jessie C. Green, Jessie Gary and Mrs. Josephine Brown.

The Missionary Society of the First Presbyterian church held a meeting Tuesday afternoon at the home of Mrs. Bert Simpson in North Main street. Mrs. Warner had charge of the devotionals and the subject for discussion was "Impressions from the Presbyterial."

Mrs. Louise Lewis entertained a number of guests last evening with a pitch-in supper, honoring the birthday of Mrs. Emma Powell. The guests were Mr. and Mrs. Ed Keaton and son, Mrs. Mary Bohannon, Mrs. Olive Swain, Mrs. Winnie Dill and daughter Emily, Mrs. George Hiers and Mrs. Will Newbold.

when the proper time arrives. There are a few days in June when the trees may be bled, and due notice will be given when the time approaches.

Chief of Police O'Neil was instructed to notify all people grazing stock in the city park, to find some other pasture land. He also was instructed to notify a gas company that there was a bad leak in their mains in First street, between Main and Morgan.

A fire alarm box was ordered installed in the neighborhood of 12th and Cherry streets, for the convenience of the Rushville Furniture Factory, which is three blocks from a fire box.

The clerk was ordered to notify the Indianapolis and Cincinnati traction company to place gravel on the streets, which are in need of repair.

COAL STRIKE IS IN THIRD WEEK

Will Enter Crucial Stage Within
Next Thirty Days, Union Leaders
Are Now Declaring

SMALL INDUSTRIES ARE HURT

Fuel Shortage Will be Certain Unless
Wage Controversy Can be
Settled Within Few Weeks

By FRED G. JOHNSTON

Indianapolis, April 19.—The nation-wide coal strike now in its third week will enter a crucial stage within thirty days, union chiefs declared here today.

With all chance apparently gone for immediate government intervention, the tide of battle will be determined definitely in another month, it was said.

Miners will know then whether they have succeeded in hampering non-union production sufficiently to assure them victory. Mine owners will know whether they are winning in their fight for abandonment of the central competitive field as a basis of wage negotiations.

Another month will see the turning point, in the belief of a high officer in the United Mine Workers who requested that his name not be used.

Small industries will be face to face with a fuel shortage. They will be in a condition parallel to mills of the United States Steel corporation which have been closed by lack of coke. Regardless of whether the miners are successful in forcing the operators into interstate wage negotiations, a prolonged suspension will cause a general coal shortage next winter the officer said and it may become necessary to revive the wartime fuel administration to supervise the price and distribution of coal.

"Things are coming our way," the officer said. "We'll fight until the operators raise the flag of truce and agree to meet us in conference in compliance with their contract."

Mine owners claim non-union production is satisfactory. Miners say it is slumping below the daily mark of 500,000 tons established during the first week of the strike.

Meanwhile the nation continued to draw upon its reserve which was nearly 65,000,000 tons when the wage scale expired April 1, and 650,000 miners continued their suspension.

Strike Cuts Production

Washington, April 19.—The present mine strike has cut down coal production much more than did the great coal strike of 1919, official figures of the United States Geological survey revealed.

The effect upon the country, however, has been much less disastrous during its first two weeks than was the 1919 walkout.

Total coal production—both bituminous and anthracite during the first week of the present strike amounted to only 3,793,000 tons as compared with a total of 5,590,000 tons during the first week of the 1919 strike. Just before the strike now in effect production was approximately ten million tons a week.

LOUISVILLE TO HAVE NEW RIVER TERMINAL

To Open Up New Possibilities For
Ohio River Transportation Closed by
Lack of Connections

TO ENABLE DIRECT SERVICE

Indianapolis, Ind., April 19.—A \$10,000,000 terminal at Louisville, Ky., and Jeffersonville, Ind., to serve traction and steam roads will be built by the Inland Waterways Company, recently organized, according to announcement made here.

Harry Reid, president of the Interstate Public Service Company, which is identified with the new campaign, said work will be started on the terminal next summer.

It will open up new possibilities for Ohio river transportation, Reid said, which have been closed by lack of connections between the steamers and barges with the steam and electric railroads. It will enable the Interstate Public Service Company to deliver freight directly to river boats and receive freight from them.

It is planned to bring heavy freight down the Ohio from Pittsburgh and distribute it through the central states, especially Kentucky and Indiana, from the terminals.

STAY OF EXECUTION

Indianapolis, Ind., April 19.—Ben Brooks, Jennings county woodman, sentenced to death in the electric chair, May 1, for one of the most brutal murders in southern Indiana, was granted a stay of execution until December 1, by the supreme court Tuesday. The stay was granted pending appeal from the Bartholomew circuit court. He was convicted of the murder of A. B. Montgomery of Seymour.

FRIENDS OF THIS WOMAN AMAZED AT BIG CHANGE

"There's Nothing On
Earth I Would Take
For The Good Tanlac
Has Done Me," Declares
Evansville Resident. Health Perfect.

"I just feel and look like a different person since taking Tanlac and my friends are all talking about my wonderful improvement," said Mrs. Della Kirkpatrick, 216 John St., Evansville, Ind.

"I had a bad spell of the flu two years ago and it left me in a wretched condition. My stomach was all upset and my vitality almost gone. I was so weak, I could hardly stand on my feet and so nervous I would lie awake until two or three o'clock every morning.

"Tanlac suited my case exactly and I just feel like a new woman now. There is nothing on earth I would take for what Tanlac has done for me."

Tanlac is sold in Rushville by F. B. Johnson Drug Co., and by leading druggists everywhere. Advertisement.

MOTOR PUMPER IS ACCEPTED BY CITY

Meets Test of Insurance Underwriters
Representatives Who Says
Rates Will be Readjusted

COUNCIL IN REGULAR SESSION

Councilmen and Mayor Make Tour
of Inspection This Afternoon
And Visit Hodge's Branch

The Sengrave motor fire pumper, contracted for last December and delivered here last week, was accepted by the city council Tuesday night, when they met in regular session, and the first payment of \$2,000 was made, and the balance of the \$11,000 will be paid within 4 1/2 years, as provided by the contract.

The machine was tested Tuesday afternoon and the chief inspector for the insurance underwriters stated that it met every test without missing a stroke, working continuously for four hours. He stated that the insurance rates would be readjusted on account of the added equipment, which will result in a lower rate in some localities, especially the business district.

Mayor Thomas and the councilmen wished to call attention to the fact that people using the streets must be on the lookout for the new machine, as an ordinance compels the people to give approaching fire apparatus the right of way. Serious accidents might result if the entire street is not vacated when the truck approaches, and the ordinance on record places a fine and penalty against anyone who does not stop near the curb, while the fire trucks pass.

The fire committee also was given power to sell one of the horses and also to dispose of an old horse wagon which has been held in reserve. The fire company has retained three horses for several years, and will sell only one horse now, until plans are made for the entire abolishment of horses.

The city councilmen and Mayor Thomas were scheduled to take a trip this afternoon over the city, when several matters will be taken up. Foremost among these are plans made for the improvement of Hodge's Branch. A. L. Stewart, city engineer, has drawn plans by which the branch can be enclosed in a five foot sewer from the north end of the corporation to the place where it now crosses Spencer street.

At this place, it is planned to change the course of the branch, running an open ditch along Spencer to Second street, and west to where it now flows. The councilmen will go over the territory and may reach a decision in the matter at their next meeting.

While on the trip they will drive stakes where the new school signs will be placed. The signs warn motorists to drive slow while in the vicinity of the six school buildings in the city. They also will look over the street near the Reynolds Manufacturing Company in West Ninth, which has been in poor condition for several months, and an effort will be made to have a proper drainage and repair made of the street.

Will Havens, former street commissioner, who has been serving as a special patrolman, was appointed regularly last night, and will continue on page six.

FILES SUIT FOR POSSESSION

J. T. Arbuckle Also Asks Damages
Of Harry Dawson

James T. Arbuckle has filed suit in Justice Stech's court against Harry Dawson, the complaint being for possession of property and for damages. The complaint demands possession of a rental house, 131 South Harrison street, and for \$27 damages for non-payment of three months rent. The suit has been set for trial on Monday at 9 o'clock.

The suit for possession of Whiting against Crosby, scheduled for this afternoon, was continued until Saturday afternoon at 2 o'clock. This suit involves a rental property in Milroy.

Similar Prediction Made by the
Weather Man For Tonight

No frost was reported Tuesday night, although the weather man had predicted a light frost, together with cooler weather, and the same prediction is made for tonight. The temperature did not drop low enough last night to make a frost possible and during the early portion of the evening the sky was partly cloudy.

The weather indications for tonight and Thursday are for generally fair weather, preceded by unsettled in north portion, colder tonight in east portion with a probable frost. The lowest temperature recorded in this vicinity during the night was 40 degrees.

EDWARDS DENIES HE WAS IN TROUBLE HERE

Justice of Peace Records Show,
However, That Arlington Veterinarian Was Fined Oct. 20.

TO BE ARRAIGNED THURSDAY

Orville T. Edwards, Arlington veterinarian, who is held in jail in Shelbyville on a charge of petit larceny, in connection with an affidavit filed by Dick Walters, garage owner of Morristown, will be arraigned in police court there Thursday morning to enter a plea.

Edwards is charged with obtaining a storage battery from the Morristown man. He denies to the Shelbyville officers that he was in trouble here, and tells them that his brother had some trouble over a check.

The record in Justice Stech's court here reveals that O. T. Edwards was arraigned on October 20, 1921, on a charge of issuing a check amounting to \$19.75 to Dr. D. D. Drago, a Rushville veterinarian, for some serum, and which was returned without funds in the bank. The check was given on the Arlington bank, and newspaper files for that date stated that the defendant was a veterinarian of Arlington, which according to the statement made at Shelbyville, would reveal that there were two persons by that name engaged in the same business in Arlington, which is not believed here.

The defendant pleaded guilty to the charge here on that date, and after making good the bad check, paying the costs, his fine of \$100 and final sentence was withheld during his good behavior the record shows.

OVER \$333,000 YET ON TAX DUPLICATES

Only 11 Days Remain of Period
For Paying Spring Installment
—Collections \$216,646.34

PAYMENTS MAY BE BY MAIL

With eleven days of the spring taxpaying period remaining, there is more than \$333,000 in taxes yet to be collected on the spring installment, if all of the taxes on the duplicates are paid, Charles A. Frazee, county treasurer, estimated today. Total collections up to the close of business Tuesday night amounted to \$216,646.34. Mr. Frazee's books show, and he estimates that close to \$550,000 is due on the spring installment.

The usual practice of taxpayers paying by mail is being followed this year. Mr. Frazee urges that persons sending a check for the amount of their taxes, also enclose a self-addressed envelope for returning the receipt. It is likewise requested that taxpayers sending checks designate the township in which their property is located as in many cases the treasurer is unable to locate the real estate or personal property on which the taxes are paid.

Mr. Frazee today made the usual request that as many Rushville people as possible refrain from calling at the office on Saturday and reserve that day for persons living outside the city.

EDITOR SPEAKS TO LOCAL KIWANIS

George A. Elliott Urges Strict Observance
of Law by Better Class
of Citizens

AN EXAMPLE TO OTHERS

Judge Fred Gause, E. G. Stotten, Harry Jennings and Ralph Test, Also of Newcastle, Guests

George Elliott, Newcastle publisher and editor, was the principal speaker today at the noon luncheon of the Kiwanis club, held at the St. Paul M. E. church, at which time he emphasized two important factors that should be given consideration and sponsored by such clubs in every city.

He stated that a better regard for law enforcement should be brought out, and pointed out that if the better class of citizens violate some minor law, that the other element of people might have a tendency to violate more serious laws, because of the examples set before them by the better class of law respecters.

Another factor to be given encouragement was that the better class of people should take more interest in politics, and that each party should place only the most capable of candidates in the field, and do away with the party leaders who attempt to run things their own way.

Other guests were Judge Fred Gause, E. G. Stotten, Harry Jennings and Ralph Test, all of Newcastle, and Mr. Madden of Indianapolis. Mr. Test is a member of the Kiwanis club at Newcastle. Judge Gause also spoke briefly and commented upon upon the friendly spirit which exists between the Rose City and Rushville, in every line of vocation.

The Rev. C. S. Black and Dr. F. R. McClanahan of this city also were guests of the club today at the luncheon.

The meeting next Wednesday will be held at night at 6:30 at the Pythian building, and it will be ladies' night from beginning to end, with the program in charge of the ladies.

Each member today answered roll call for his "buddy," which is a new plan that is being worked out. Each member was assigned one other club member, and when the roll call was made, it was necessary for him to answer for his "buddy," whether present or not. If the "buddy" was absent, a good excuse had to be offered.

FOUR BROTHERS IN THE WAR

John C. Humes Last of Quartet
Who Served During Rebellion

John C. Humes, who died Monday night at his home near New Salem and whose funeral was held this afternoon, was the oldest of four brothers, all of whom served during the civil war. L. B. Downey a veteran, who takes an active interest in civil war records, stated today.

John C., the last of the four to die, served three years in the Sixty-Eighth Indiana, Company I, and Worthington also served in the same company. Wellington was with the Hundred and Twenty-third Indiana, Company E, during the war. Benjamin served with an Illinois regiment. Wellington and Worthington were twins.

The funeral was held at the late residence this afternoon, with burial in East Hill cemetery. Members of Phoenix lodge of Masons attended the burial service.

INSIST ON MEANS FOR REVENUE FIRST

President Harding Wants Senate to
Provide Way Before Passing
Soldiers Bonus Bill

WATSON AT THE WHITE HOUSE

Majority of Senators Favoring Bonus Are For Having British Bonds Take Care Of It

(By United Press) Washington, April 19.—President Harding is insistent upon having congress provide a means of raising revenue for financing the bonus bill. This became known today following a visit of Senator Watson of Indiana to the White House.

At the same time it also became known that a move is under way to tack a rider to the tariff bill providing such means.

President Harding is inclined to look favorably on the move to include means of raising bonus revenue in the tariff bill, Watson said. Action must be taken within three weeks, otherwise the democrats, who are said to have sufficient backing to accomplish their purpose, will move for the discharge of the bonus committee.

Watson expressed the personal opinion that a cash bonus would go back to the measure as passed by the senate. The majority of the "bonusers" in the senate, he said, were for having the forthcoming British bonds take care of such a bonus.

But Harding is animus about that subject. He will not rely on these bonds in advance of receipts and he is not inclined to let the treasury issue notes in anticipation thereof. There is no intention to devote tariff funds to bonus payment.

MRS. JOHN MOCK DIES TODAY

Expires at Home of Her Daughter,
South of New Salem

Mrs. John Mock, age 62 years, expired this morning about eleven o'clock at the home of her daughter, Mrs. Herbert Holden, a mile south of New Salem, death being caused from an illness of several months, believed to have been an internal cancer. The deceased is survived by the husband, a son and four daughters.

The funeral arrangements were not completed today, but services will probably be held Friday, and the hour will be announced later.

CONCERT IS WELL RECEIVED

Homer Cole Orchestra to Give Another One in Near Future

The concert given by Homer Cole's orchestra at the Main Street Christian church Tuesday evening was attended by a large crowd. The program which was varied from selections by the orchestra to instrumental solos and vocal solos, was well received by the audience and each selection rendered called for an encore.

The concert was such a success last evening that it is planned to hold several other programs in the near future.

BLACKMAILERS ARRESTED

Indianapolis, Ind., April 19.—With the indictment and arrest of William Fix and Corbett R. Graves of Ambia on charges of violating the postal laws, Federal officials believed today they had two of the boldest blackmailers on record.

Five separate warnings were served by mail upon Robert M. Fix, a distant relative of William, between October 10 and November 2, 1921, saying that if he did not come across with \$1500, his barn would be burned. On November 5, the barn was burned.

Alonzo Stevens, one of the three defendants, is now serving a sentence for arson imposed by the state court in connection with the case.

DEFENSE HAS ITS INNING

Hartwell-Miller Damage Suit Continues in Circuit Court

The damage suit of Roy Hartwell against Rue Miller, which began in the circuit court Tuesday morning was still in progress today, and the defense started on their portion of the evidence this morning. It was expected that the evidence would be completed by tonight, and ready for the jury. The plaintiff was formerly a tenant for the defendant and was dismissed before the contracted term expired, and because of the difficulties arising between the two, the plaintiff says he was damaged to the extent of \$350.

The case may be completed and given to the jury late today or early in the morning.

FARMERS, SOLDIERS TO GET JUSTICE, HE SAYS

Democrats Will Care For Both if
Returned to Power, E. C. Eikman Says in Speech Here.

CANDIDATE FOR CONGRESS

Edward C. Eikman of New Palestine, one of three candidates for the democratic nomination for congress in the sixth district, declared himself in favor of the congressional farm block in an address at the court house assembly room Tuesday night. He also praised the Wilson administration and asserted that if the democrats retained control of the government, the soldiers as well as the farmers would get justice.

The candidate said as a member of the Federation of Farmers' Associations he had a right to ask the aid of the government in breaking the control of the bulls and bears of Wall street, "so that we will be able to control our own affairs and demand a profit on our produce."

Mr. Eikman declared for local self government and against bureaus and commissions, which, he said, reaped a lot of tax eaters, both in federal and state government. He also attacked the system of state and federal aid, for the local unit eventually pays the "aid" and at the same time supports a host of attacks of political organizations. When he was a state senator he said there was no deficit, and the state was out of debt. "But conditions have changed," he said, "with the centralization of state government, and if extravagant expenditures continue within the next five years the state will be bankrupt."

UNION ORGANIZERS HALTED BY ORDER

Judge J. A. Berkey Grants Temporary Injunction at Somerset, Pa., to Apply in Coal Fields

SHOTS FIRED IN UNION WAR

(By United Press) Somerset, Pa., April 19.—A temporary injunction today halted organizers from unionizing the non-union coal fields in central Pennsylvania.

The injunction was issued by Presiding Judge J. A. Berkey. It was granted on request of four of the largest coal concerns in Somerset county.

Wilkes-Barre, Pa., April 19.—Fighting between union and non-union miners broke out here this afternoon.

The non-union miners attempted to work in a washery of the East Boston Coal Company. Several shots were fired without anyone being wounded, according to reports reaching here.

Sheriff John Muskie and a dozen deputies left for the scene.

MERCURY DROPS AS CYCLONE STRIKES

Snow Falls For Fifteen Minutes at
Warsaw This Afternoon When
Temperature Falls Rapidly

ONLY SLIGHT DAMAGE IS DONE

Child Killed at Clinton, Iowa, When
Center of School Building Collapses
Due to High Wind

(By United Press) Warsaw, Ind., April 19.—Snow fell for fifteen minutes and the temperature dropped 18 degrees when a cyclone struck Warsaw this afternoon. The wind uprooted trees and did other slight damage. The wind came from the northeast.

Clinton, Iowa, April 19.—One child was killed here today when the central portion of the Irving Public school collapsed after the wind had blown a sixty foot chimney onto the roof of the building.

Three hundred children in the eight rooms on the two floors left the rooms quietly and rapidly through windows and down the fire escapes. The chimney crashed from the roof to the basement taking the entire central hall way and leaving the rooms intact.

The children had just left the hall way for the rooms. Maxine Fife was caught in the hall way and her body was crushed under the debris. All others escaped with the exception of one boy who was slightly injured.

Levy at Vincennes Gives Way

Vincennes, Ind., April 19.—The Russellville-Indiana levy gave way before the flooded Wabash river here today, flooding thousands of acres of land back of it.

Residents of the bottom land had been expecting it to break for some time and had prepared to flee. When the water rushed back into the territory behind the dyke the river dropped one tenth of an inch and also at points in this immediate vicinity.

Wabash Reaches Its Crest

Terre Haute, Ind., April 19.—The flooded Wabash river reached its crest at 24.4 feet here today and fell a small fraction of an inch during the afternoon, the weather bureau announced. With the river falling slowly at Lafayette to the north, the bureau predicted that the stage would remain near 24 feet for several days.

Three Men Are Drowned

Terre Haute, Ind., April 19.—Three men were drowned in a gravel pit near West Terre Haute in the flooded Wabash river valley this afternoon, according to reports to local police. According to the reports the men were in a boat in the pit when it overturned. They were drowned in the water before help could reach them.

Western Indiana Recovering

Attica, Ind., April 19.—Western Indiana was recovering today from the toll of two cyclones which swept over this part of the state Monday night, killing seventeen and injuring scores. While the victims at Hedrick, Williamsport, Sloan and Brook were being buried and a death watch was kept over the injured, hundreds of families made homeless were trying to restore their homes and business buildings laid flat were being reconstructed.

Flood Waters Rising

Indianapolis, Ind., April 19.—Flood waters continued to rush into the lower channels of Wabash and White rivers today as the stages fell upstream.

Wabash reached a crest of 24.4 feet at Terre Haute at midnight and was stationary at that stage today. It was still rising at Mt. Carmel, Ill.

White river was falling at Noblesville but continued a slow rise at Indianapolis, where the stage was 17.1 feet, a rise of half a foot since yesterday.

The east fork was falling at Columbus and Seymour, but was rising at Shoals, where a stage of 28 was recorded.

FIFTY YEARS AGO
A young man who practiced medicine in Pennsylvania became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce, who finally made up his mind to place some of his medicines before the public, and moving to Buffalo, N. Y., put up what he called his "Favorite Prescription," and placed it with the druggists in every state.
Dr. Pierce's Favorite Prescription has long been recognized as a tonic for diseases peculiar to womanhood. After suffering pain, feeling nervous, dizzy, weak and dragged down by weaknesses of her sex—a woman is quickly restored to health by its use. Thousands of women testify that Dr. Pierce's Favorite Prescription has entirely eradicated their distressing ailments.
More recently that wonderful discovery of Dr. Pierce's, called An-uric (for kidneys and backache), has been successfully used by many thousands who write Dr. Pierce of the benefits received—that their backache, rheumatism, and other symptoms of uric acid deposits in joints or muscles have been completely conquered by its use.
Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. of any of his remedies, or write for free medical advice.

You want more BATTERY and less SERVICE

Battery service is a bug-bear. What is useful to you is continuous, uninterrupted performance. You want to have a battery installed in your car and drive away, happy in the knowledge that it will be a ready reservoir of energy whenever you need it.
The Ray Battery gives guaranteed performance because of its famous Lavier Formula plates—the greatest advance in battery construction since the discovery of the wet cell. They are hard, to withstand the strain of service—highly porous to react quickly and surely to the electrolyte.
Install a Ray and forget the service man.

The Blazed Trail

WORKERS in the woods frequently find the trail blazed by the axes of those who have gone before. Guided by these marks, they easily find their way.

Advertisements perform a similar duty for you in the important business of spending your money.

They point the way to values of which you would never know if they were not there to guide you.

Do you read them? Wise shoppers do. They are the economical buyers—the ones who keep themselves strictly up-to-date on the best opportunities for saving money, or spending it judiciously, which is one and the same thing.

Read the advertisements in this paper. Read them to know what's what in the shopping district. Read them because they place before your eyes a moving panorama of business progress. Read them to save money—to save steps—to save disappointments. Read them because they blaze your trail to satisfaction in your every-day buying.

Read them regularly. Follow their guidance. It pays.

Rheumatism at 60

S. S. S. Thoroughly Rids the Body of Rheumatism Impurities.

Somebody's mother is suffering tonight! The scourge of rheumatism has wrecked her body, limping and suffering, bent forward, she sees but the common ground, but her aged heart still belongs to the stars! Does anybody care? S. S. S. is one of the greatest blood-purifiers known, and it helps build more blood cells. Its medicinal ingredients are purely vegetable. It never disarranges the stomach. It is, in fact, a splendid tonic, a blood maker, a blood enricher. It banishes rheumatism from joints, muscles and the entire body. It builds firm flesh. It is what somebody's mother needs tonight! Mother, if you can not go out to get a bottle of S. S. S. yourself, surely somebody in your family will. Let somebody's mother begin to feel joyful again tonight. Maybe, maybe it's your mother! S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

How glorious you will feel, mother, when your rheumatism is all gone. Let S. S. S. do it. It will build you up, too!

AMUSEMENTS

Shirley Mason at the Mystic

Shirley Mason has a habit of winning her audience in every picture in which she appears. She runs true to form, as the turfmen say, in the photoplay "The Ragged Heiress," at the Mystic Theatre today. She has presented no more appealing figure to her public, nor one in which gentleness and sweetness of personality have been more marked.

The story is of a motherless girl of 3 years, consigned by a convict father to grasping and unscrupulous relatives, from whom she is kidnapped by a loving but very poor old nurse. Reared in poverty and in ignorance of her relatives and true parentage, she is cast by death upon her own resources, and ultimately finds herself the ill-paid maid of all work to the relatives who originally were her guardians; but there is no recognition of course on either side; and the unscrupulous relatives continue to use, as they have done for many years, her private fortune for their own benefit.

At this point the romance of the girl's life begins. There is much of neat humor to relieve the pathetic element in the story, and from start

Readin' and Writin'

Mrs. Cora Wilson, Stewart, of Frankfort, Ky., chairman of the Illiteracy Commission of the National Educational Association, predicts that every person in the United States will be able to read and write by 1930. The teachers of the land will persevere steadfastly in the combat against ignorance until the United States is at par in literacy, with a perfect record.

Education is the most practical measure for eradicating narrow prejudices and opinionated littleness and inculcating in the mind a sense of fairness for the convictions of others. That there are learned men who have and hold arbitrary ideas, and do not or will not practice intellectual liberalism, is not the consequence of education, but of personal vanity.

Knowledge is so vast that nobody can acquire much of it, and those who have stores of it appreciate how small their treasure is in comparison with all. And one of the most valuable benefits of thorough education and the habit of thinking is the humility of mind that wisdom cultivates.

With schools in all rural districts and city neighborhoods, and colleges in all the state, and a few hundred universities, with several thousand daily newspapers and many thousands of weekly publications; with legends on the motion picture films, viewed by millions of persons every day, and decorative lettering on billboard displays along country highways and in city lots, there should be no illiteracy in the United States. Curiosity should be a strong incentive to the quest of learning. The illiterates should be stimulated to learn to read so that they might

The "Mother of Medicine"

Isis, the Queen and afterwards the Goddess, was called the "Mother of Medicine." In ancient Egypt, centuries before Christ, women were skilled in medicine. They knew the great value of medicinal plants.

Hippocrates, the "Father of Medicine," many centuries later, knew less of the merit of vegetable drugs than did the women of ancient times.

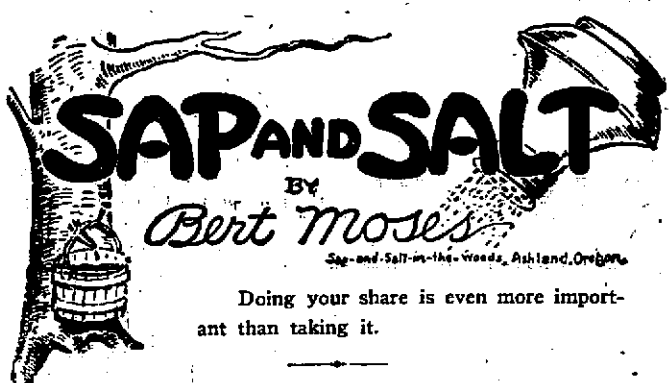

Lydia E. Pinkham, nearly fifty years ago, gave to women her Vegetable Compound, now known everywhere as Lydia E. Pinkham's Vegetable Compound. This is a woman's medicine for women's ailments, prepared from medicinal plants.

TAIL LIGHTS OPEN THE SEASON SUNDAY

Will Play Greensburg Who Were
Blanked By Hope in Exhibition
Game Last Sunday, 5 to 0

LEAGUE SCHEDULE IS REVISED

The Tail Lights open the league season Sunday at Greensburg, when they meet the Eagles ball team of that city, and indications are that the game will be a good one, and a real test of the strength of the two teams will be made at that time.

Hope and Greensburg played an exhibition game last Sunday at Greensburg, and Hope blanked them 5 to 0. Greensburg has ironed out their weak spots, and it has been announced that Stoneking will be on the mound for them. Neidoffer, who was with Rushville last year, started the game last Sunday for Greensburg, but was relieved in the fourth inning, after Hope had secured four runs.

The five games for the opener in the league Sunday will be played as follows: Greenwood at Shelbyville; Hope at Columbus; North Vernon at Madison; Batesville at Brookville; Rushville at Greensburg.

Several changes have been made in a revised schedule for the league, in which Rushville will fare better with stronger teams. The second game will be with Greensburg here on April 30; the third game on May 7 will be here with Greenwood and on May 14 Rushville goes to Shelbyville.

Sport Summary

Paris—On reconsideration the French Olympic committee has turned down Pershing stadium for the 1924 Olympic games and will build a new stadium near the Colosseum race track.

Chicago—A. A. Slaggy, athletic director of the University of Chicago today sent out invitations to 5,000 prep. and high schools to compete in the national track and field meet here May 27.

New York—Outdoor boxing this summer will be confined to holidays and Saturday afternoons through a ruling of the boxing commission that bouts cannot be contested at night. The main bout must go on not later than five o'clock.

New York—Low Tender, Philadelphia lightweight and his manager, Phil Glassman, have been suspended indefinitely by the boxing commission because Glassman abused the referee who caused Tandler to lose a recent bout on a foul.

Paris—The baseball season opens here May 20. Four teams will play in the league—the American Legion, the veterans of foreign wars, the Ranelagh club and the Independents. The game will be played in the Bois De Boulogne.

New York—One hundred and twenty-three persons are eligible for the \$50,000 Breakneck stake to be run at Pimlico on May 13.

New York—Babe Ruth and Bob Meusel, suspended Yanks, have been invited by Charles Stoneham, president of the Giants, to work out every day with the Giants. Ruth is with the Yanks in Washington and Meusel is in New York.

Columbus, Ohio—Phil O'Dowd, Columbus light weight and Solly Epstein, Indianapolis meet in twelve rounds, here next Monday.

Boston—New York Yanks bought outfielders Whitey Witt from the Philadelphia Athletics asked waivers on Witt recently and then withdrew them.

Philadelphia—Walter Larsen, Salt Lake City, star of the University of Penna pitching staff, has received an offer from the Boston Red Sox, he said he would be willing to accept after the school terms.

The Score Board

Yesterday's hero—Everett Scott hit two doubles, a single and a sacrifice, helping the Yanks to beat his old team mates, the Red Sox, 10 to 8.

Mack's terrible Athletics knocked Walter Johnson out of the box, got 18 hits for 24 bases and beat Washington 17 to 2.

Three Brown pitchers went wild and the Cleveland Indians had no trouble winning 7 to 2. The tribe got nine doubles, including pairs by Speaker and Melvin.

The Reds knock Carlson out of the box and were rough with Hamilton, but the Pirates won, 8 to 4, making a sweep of the series.

The Senior class, faculty and school officials of the Arlington high school were royally entertained by the junior class and their sponsor, Miss Marion Tittsworth, on Saturday evening. The guests were received in the upper hall which was transformed into a reception room. After all had assembled they were escorted into the senior assembly where an elaborate five course dinner was served at small candle lighted tables beautifully decorated in the senior colors, purple and gold. Palms, floor lamps, cut flowers and canaries produced a striking effect.

Marion Rigsbee, president of the Junior class, presided as toastmaster and gave the address of welcome which was responded to by William Marshall, a Senior. The following toasts were given: "Friendship," Miss Archer; "Memories," Mildred Casterline; "Tau Sigma, Lee Mitchell; "To the Girls of the class," Donald Birt; "To the Boys of the class," Nelda Arnold. As a closing number a playlet, "The Mock Commencement," was presented by the Junior class.

Music was furnished during the evening by the Misses Gladys Tittsworth and Rowena Kennedy of this city.

Mr. and Mrs. T. R. Lee entertained with a beautiful luncheon Tuesday evening at their home near Arlington, honoring the Senior class of the Arlington high school and the members of the faculty. The luncheon tables were very attractively adorned with the class colors of purple and gold, and the Easter decorations predominated. A large nest of purple crepe paper, filled with Easter chickens and candy eggs formed the centerpiece for the tables and pretty place cards marked the covers, for the following guests: The Misses Marie Alsmann, Nelda Arnold, Florence Schaeffer, Mildred Casterline and Mable Lee, and Lowell Offutt, Denning Nelson, Lee Mitchell, Will Marshall, Donald Birt, Dwight Beckner, all members of the senior class, and Prof. A. R. Protsman, Mildred Archer, Marian Tittsworth, Marguerite Plummer, Augusta Welker, members of the faculty, W. E. Wagoner, county school superintendent, and wife, Miss Edna Krammes, Harlan Lee and Arnold Alsmann.

Preceding the luncheon the guests enjoyed an informal social hour, during which contests and games were enjoyed and music was furnished by Miss Welker, the music

teacher of the school. Mr. Lee is the trustee of Posey township.

Larline Council, No. 296, Degree of Pocahontas, will hold its regular stated meeting Thursday evening in the Red Men's hall at eight o'clock.

The men and women's Bible class of the First Baptist church was entertained Tuesday evening by the Rev. and Mrs. Reno Tacoma at their home and a good attendance of the members was present. After a short business session, a social hour was enjoyed and dainty refreshments were served by the host and hostess.

The April meeting of the D. A. R. will be held Thursday afternoon at the home of Mrs. Charles Hugo, corner of Morgan and Tenth streets. The assisting hostesses will be Miss Emma Blackledge, Mrs. Jessie C. Green, Jessie Gary and Mrs. Josephine Brown.

The Missionary Society of the First Presbyterian church held a meeting Tuesday afternoon at the home of Mrs. Bert Simpson in North Main street. Mrs. Warner had charge of the devotionals and the subject for discussion was "Impressions from the Presbyterian."

Mrs. Louise Lewis entertained a number of guests last evening with a pitch-in supper, honoring the birthday of Mrs. Emma Powell. The guests were Mr. and Mrs. Ed Keaton and son, Mrs. Mary Bohannon, Mrs. Olive Swain, Mrs. Winnie Dill and daughter Emily, Mrs. George Hiers and Mrs. Will Newbold.

COAL STRIKE IS IN THIRD WEEK

Will Enter Crucial Stage Within
Next Thirty Days, Union Lead-
ers Are Now Declaring

SMALL INDUSTRIES ARE HURT

Fuel Shortage Will be Certain Un-
less Wage Controversy Can be
Settled Within Few Weeks

By FRED G. JOHNSTON

Indianapolis, April 19.—The na-
tion-wide coal strike now in its third
week will enter a crucial stage with-
in thirty days, union chiefs declared
here today.

With all chance apparently gone
for immediate government interven-
tion, the tide of battle will be de-
termined definitely in another month,
it was said.

Miners will know then whether
they have succeeded in hampering
non-union production sufficiently to
assure them victory. Mine owners
will know whether they are winning
in their fight for abandonment of the
central competitive field as a basis
of wage negotiations.

Another month will see the turning
point, in the belief of a high officer
in the United Mine Workers who re-
quested that his name not be used.

Small industries will be face to
face with a fuel shortage. They will
be in a condition parallel to mills
of the United States Steel corpora-
tion which have been closed by lack
of coke. Regardless of whether the
miners are successful in forcing the
operators into interstate wage nego-
tiations, a prolonged suspension will
cause a general coal shortage next
winter the officer said and it may be-
come necessary to revive the war-
time fuel administration to supervise
the price and distribution of coal.

"Things are coming our way," the
officer said. "We'll fight until the op-
erators raise the flag of truce and
agree to meet us in conference in
compliance with their contract."

Mine owners claim non-union
production is satisfactory. Miners
say it is slumping below the daily
mark of 500,000 tons established
during the first week of the strike.

Meanwhile the nation continued to
draw upon its reserve which was
nearly 65,000,000 tons when the
wage scale expired April 1, and
650,000 miners continued their
suspension.

Strike Cuts Production

Washington, April 19.—The pre-
sent mine strike has cut down coal
production much more than did the
great coal strike of 1919, official
figures of the United States Geolog-
ical survey revealed.

The effect upon the country, how-
ever, has been much less disastrous
during its first two weeks than was
the 1919 walkout.

Total coal production—both bit-
uminous and anthracite during the
first week of the present strike
amounted to only 3,793,000 tons as
compared with a total of 5,590,000
tons during the first week of the
1919 strike. Just before the strike
now in effect production was ap-
proximately ten million tons a week.

LOUISVILLE TO HAVE NEW RIVER TERMINAL

To Open Up New Possibilities For
Ohio River Transportation Closed by
Lack of Connections

TO ENABLE DIRECT SERVICE

Indianapolis, Ind., April 19.—A
\$10,000,000 terminal at Louisville,
Ky., and Jeffersonville, Ind., to
serve traction and steam roads will
be built by the Inland Waterways
Company, recently organized, ac-
cording to announcement made here.

Harry Reid, president of the In-
ter state Public Service Company,
which is identified with the new
campaign, said work will be started
on the terminal next summer.

It will open up new possibilities
for Ohio river transportation, Reid
said, which have been closed by
lack of connections between the
steamers and barges with the steam
and electric railroads. It will en-
able the Interstate Public Service
Company to deliver freight directly
to river boats and receive freight
from them.

It is planned to bring heavy
freight down the Ohio from Pitts-
burgh and distribute it through the
central states, especially Kentucky
and Indiana, from the terminals.

STAY OF EXECUTION

Indianapolis, Ind., April 19.—Ben
Brooks, Jennings county woodman,
sentenced to death in the electric
chair, May 1, for one of the most
brutal murders in southern Indiana,
was granted a stay of execution
until December 1, by the supreme
court Tuesday. The stay was grant-
ed pending appeal from the Barthol-
omew circuit court. He was con-
victed of the murder of A. B. Mont-
gomery of Seymour.

FRIENDS OF THIS WOMAN AMAZED AT BIG CHANGE

"There's Nothing On
Earth I Would Take
For The Good Tanlac
Has Done Me," De-
clares Evansville Resi-
dent. Health Perfect.

"I just feel and look like a differ-
ent person since taking Tanlac and
my friends are all talking about my
wonderful improvement," said Mrs.
Della Kirkpatrick, 216 John St.,
Evansville, Ind.

"I had a bad spell of the flu two
years ago and it left me in a
wretched condition. My stomach was
all upset and my vitality almost
gone. I was so weak, I could hard-
ly stand on my feet and so nervous
I would lie awake until two or
three o'clock every morning.

"Tanalac suited my case exactly
and I just feel like a new woman
now. There is nothing on earth I
would take for what Tanlac has
done for me."

Tanalac is sold in Rushville by F.
B. Johnson Drug Co., and by leading
druggists everywhere. Advertisement.
